## Product Lines

### **ALICAT SCIENTIFIC** [www.alicat.com](http://www.alicat.com)

Manufacturer of mass flow meters, mass flow controllers and pressure controllers.

### **ALLIANCE SENSORS GROUP** [www.alliancesensors.com](http://www.alliancesensors.com)

Manufacturer of LVDT and Magnetostrictive Linear and Rotary position sensors. Also LVDT signal conditioners.

### **A.P.C.S PTY. LTD.** [www.apcs.net.au](http://www.apcs.net.au)

Signal Processing and Control Instrumentation. Modules for Conditioning, Isolation, Conversion, Alarming and Interfacing. These units are available in DIN-Rail, Stand Alone, Front Panel Mount, Field Mount and Wall Mount. Field Calibrators, Isolators, Simulators and A.C. Voltage and Current Sources.

### **CELESCO TRANSDUCER PRODUCTS / MEASUREMENT SPECIALITIES** [www.celesco.com](http://www.celesco.com)

Cable-Extension Transducers, 2" to 1700" displacement, and Linear Potentiometers, 2" to 10" stroke. Also available are Rotary Position Transducers, Inclinometers and Digital Position Transducers.

### **EVERIGHT POSITION TECHNOLOGIES** [www.evrpt.com](http://www.evrpt.com)

Distributors of Positek, Netzer, and Gill

### **JUMO PROCESS CONTROL, INC.** [www.jumo.us](http://www.jumo.us)

Pressure Transducers, Sensors and Transmitters. Temperature and Humidity Sensors and Controllers, Recorders Analog and Digital. Temperature Thermostats and Control Systems.

### **JOWA USA** [www.jowa-usa.com](http://www.jowa-usa.com)

Level measurement of liquids and solids using contact and non-contact methods. Resistance tape and pressure methods. Transmitters and displays also available.

### **LAUREL ELECTRONICS** <http://www.laurels.com/>

Digital panel meters, counters, timers; Large Digit displays.

### **LIQUID CONTROLS** [www.liquidcontrols.com](http://www.liquidcontrols.com)

Flow Meters including: Positive Displacement, Turbine (Sponsler), and Electromagnetic.

### **MAXDETECT** <http://www.humiditycn.com/index.html>

OEM and end user temperature, humidity and dew point sensors and transmitters.

**NOVOTECHNIK** [www.novotechnik.com](http://www.novotechnik.com)

Linear and rotary position transducers. Potentiometric and non-contact types.

**OPKON** [www.opkon.com.tr](http://www.opkon.com.tr)

Linear magnetic and potentiometric encoders. Rotary magnetic and optical encoders.

**POSITAL FRABA** [www.posital.com/en](http://www.posital.com/en)

Rotary Encoders, Linear Sensors, Inclometers

**SMARTEC** [www.smartec.nl](http://www.smartec.nl)

Digital and IR Temperature Sensors. Humidity and pressure sensor, and Universal Transducer Interfaces. Multiplexer; 4 and 8-channel temperature data acquisition system.

**SOLARTRON METROLOGY** [www.solartronmetrology.com](http://www.solartronmetrology.com)

Precision dimensional measurement and position measurement transducers & instrumentation.

**TEXMATE** [www.texmate.com](http://www.texmate.com) Programmable panel meters and digital displays.

**THERMX SOUTHWEST** [www.thermx.com](http://www.thermx.com) Thermocouple, RTD, and Thermistor probes and transmitters.

**AZBIL NORTH AMERICA (YAMATAKE SENSING CONTROL)** <http://us.azbil.com/control-products.html>

Controllers, single channel, multi-channel and multi-loop designs. Photoelectric Sensors; Proximity, Safety and Limit Switches.

**WEBER SENSORS** [www.captor.com/](http://www.captor.com/)

Calorimetric Principle, weber's versatile line of solid state flow-captors provide non-mechanical measurement of air and liquid flow. The versatile flow and vent-captors can provide switching or metered outputs for a wide variety of applications.

D&D Engineering is a sales company specializing in the application of instrumentation for measurement and control problems. It is our goal to solve our customer's measurement problems with the best technical and cost-effective solutions.
